

Be the one to save a life.

## Tanner Bertauche

Tanner was diagnosed with a very rare histiocytosis disease (JXG) on his 3rd birthday that affected his entire airway. On his 4th birthday, after fighting the disease for a year with a tracheotomy and chemotherapy, the disease spread to his bone marrow. Tanner also developed myelodysplastic syndrome (MDS), a pre-cursor to leukemia believed to have been caused by his chemotherapy. Tanner recently began more chemotherapy, but ultimately needs a bone marrow transplant to save his life. Please help Tanner to celebrate his 5th birthday disease free!

Thousands of patients depend on the Be the Match Registry<sup>SM</sup> to find a donor who can give them a second chance at life. You have the power to heal, the power to save a life. [Take the first step. Join the registry.](#)

## JOIN THE MARROW REGISTRY

**Date** Saturday, September 12, 2009

**Time** 9:00 a.m. – 12:00 p.m.

**Location** **Childhood Cancer Awareness Event**  
Pickett Park (Across from Renown)  
1198 Mill Street, Reno, NV

**Phone** (775) 327-6275

### Help Us Pay It Forward

A financial contribution of \$25 is greatly appreciated to help add a life-saving donor to the Registry. No one will be turned away, but a donation of any size is always helpful. It's about \$100 to add each donor to the Registry... please support us if you can.

**To join**, you only need to be between the ages of 18 and 60, be willing to donate to any patient in need, and meet the health guidelines.
